DATASHEET / BROCHURE

Experience bright, high-quality images in the home or office with this easy-to-use XGA model, featuring 3LCD technology.

From watching blockbusters on the big screen to hosting business presentations, this XGA projector has a range of features to suit your needs. Forget ambient light; with 3LCD technology and 3,300 lumens it's incredibly bright. Did we also mention that it's hassle free to set up and has a long-lasting lamp light source that provides 18 years' worth of entertainment²? That's great value for money.

Bigger is better

Whether you're watching your favourite film or delivering a presentation, this projector can achieve an impressive 350 inch display. It's great quality too, with 3LCD technology that makes the display up to three times brighter than competitor products¹. In addition to its bright and vivid colours, the 15,000:1 contrast ratio produces defined shadows and deep blacks. From family and friends to business colleagues and clients, it's sure to get everyone's attention.

High-quality, bright images

Even in bright rooms, this powerful yet affordable XGA projector delivers exceptionally bright yet colourful images with clear details. It's all thanks to 3LCD technology, which produces an equally high White and Colour Light Output of 3,300 lumens.

Long-lasting solution

Looking for a long-term, hassle-free and affordable solution for your projection needs? This model's long-lasting lamp light source provides you with 18 years' worth of entertainment².

Stress-free set-up

Here's a projector that's designed with portability and quick set up in mind. It is easy to move from room to room, and you can quickly position the image with keystone correction and access content simply with the HDMI inputs.
